

A Measure of Profound STUPIDITY

Today, religionists have gained a surprising degree of political power; in the USA it's the Evangelicals that support Trump's continuity as president. In the Middle East it's extremist Wahhabi and Salafi fundamentalists that engage in religious wars. In Israel it's the extremist, fascist, Zionists that determine the nation's violent policies. In Asia Buddhist monks lead revolutionary movements against corrupt governments and the list goes on. However, I would confine this short piece to the Abrahamic religions which lead the world in violence.

Now consider that all the Abrahamic religions believe in the absolute perfection of their textually created Gods. So to completely and incontrovertibly DEMONSTRATE the profound idiocy of these groups one only need challenge the notion of perfection, AS A PERFECT GOD NECESSARILY IS INCAPABLE OF IMPERFECTION; so all one need do to destroy the argument of any idiot religionist is say, take a look around and then tell me if the world is perfect!

Furthermore, these moronic religions all believe in the existence of Satan or evil personified, how is it that a PERFECT God is able to create such a horrid imperfection, when again, perfection cannot admit or even know imperfection?

Sela.

Only brainless morons and duped weak-minded FOOLS subscribe to such obvious fantasies/BULLSHIT and enslave their puny minds to the WORLDLY ideologues that manage these groups using faulty theological discourse and ILLOGIC. There is NO Truth in a contradiction or clearly erroneous doctrine.

Nevertheless, I challenge any religionist to counter the above argument and faultless, simple LOGIC. Reality, the flawless TRUTH may indeed set all SLAVES free, take that FACT from a woman, you dumb, MISGUIDED, fucks.
