Post-Truth, post-modernist, nothing is real, anything goes, president Trump however does specialise in two persistent behaviours, DIVISION, and a perverse passion, HATE!

It is hardly surprising that unstable Americans today are now venting their vacant, frustrated lost souls violently and openly, after all, Trump has shown them the way; anything goes, no values no truth, no moral cohesion, do and say what you like and condemn (to death) those that oppose you or those that are socially vilified, scapegoating has always been useful in fascist politics and Trump is without doubt a fascist leader.

So now another minority community in the USA, [Jews](#), become a target for hate and destruction, expressed largely due to the abandonment and failures of white, rustic, working class Americans, though it must be said that Wall Street Jewish bankers are indeed largely responsible for the predicament that failed low class whites are confronted with today -- offshoring jobs and development, cost cutting for increased profits, in other words, Shylock at his Shakespearean worst.

Though it MUST be said that if anyone needed shooting it's not innocent Jews, Muslims or any other vilified minority, it's Wall Street bankers that own the government and use Trump as their puppet or Saudi Royals that support most of the destructive extremist Jihadi groups causing havoc in various North African and Middle Eastern nations today, which hugely destructive symbiotic relationship -- Saudi Royals and American Deep State -- (Obama first utilised Saudi sponsored terrorists in Libya) is as strong as ever today. So there it is hate-filled rustics, KNOW YOUR ENEMY WELL, and it's not innocent citizens of any vilified minority, it's their ELITES. Killing innocents is cowardly and only creates further division, choose your targets well if you must kill, as clearly the United States is plummeting head-long into mob rule; America is the only modern nation on earth where guns have formed a fundamental aspect to the culture, hence they are almost impossible to regulate today, so live with it while your society is effectively ruined by fascist demagogues working for vile, mass murdering elites.

And to think all this mayhem and destruction for what? Filthy money and increased profits, which manic amoral pursuit would see the final destruction of America -- take it or leave it.

I am aware this article is not politically correct but it is the TRUTH in a post-truth, post-modern era, one in which the most powerful nation on earth is failing from within before our eyes, or would YOU care to interpret it otherwise?

Nonetheless, If you were driven by Love and Compassion instead of Fear and Hate, you would be aware and KNOW better, but alas!
