

INDOLENCE and COWARDICE, the roads to RUIN

by baz *Tuesday, Dec 25 2018, 8:45pm*

international / prose / post

This Xmas I have been amused by the antics of two journalists, Chris Hedges, of 9/11 conspiracy denial infame, and John Pilger, acclaimed documentary maker and mate of Martini sipping, Julian Assange, which two have repudiated the CFR managed western mass media as being thoroughly DISHONEST, of course imputing that the mass media is nothing more than a propaganda arm of evil mass murdering elites -- WELL, DOH! The vast majority of aware citizens around the globe are acutely aware of the FACT.

So who are [Pilger](#) and [Hedges](#) addressing? The vast INDOLENT majority of course, as citizens that refuse to accept at face value any media reporting, research matters for themselves and eventually discover the TRUTH.

It seems that Pilger and Hedges have forgotten the ORCHESTRATED and CONCERTED LIES that the western mass media disseminated in relation to the ILLEGAL Iraq invasion/WAR and following illegal wars after that. Non-existent WMD, though Rumsfeld and Cheney openly declared that they existed and had 'proof,' not to mention Colin Powell's disgraceful talcum powder tube that he brandished as anthrax at the UN -- ALL flagrant LIES and showmanship that the mass media knowingly promulgated as truth. Have you two wankers forgotten recent history? Probably not, but all 'news' and propaganda is selective and that also applies to both Hedges and Pilger.

So WE KNOW the TRUTH about the 'CFR' managed -- (address that REALITY, you wankers) western media, which today works hand in glove with unrepresentative elite interests to DECEIVE the masses and SELL FALSE NARRATIVES, scripted by nefarious elites to serve their own interests and agendas; however, media deception has a fairly short use-by date, as the French 'yellow vests' and other restive populations indicate today.

No-one in their right mind believes the government story regarding 9/11, experts in all related fields have exposed the government LIES over and over again but to no avail as yet, WHY? Answer: social indolence -- the apathetic majority would rather watch Fox 'news' than research anything and verify matters for themselves though they know that Murdoch's Fox news has all the integrity of a bought whore.

So, are today's 'hero' journalists avoiding harsh truths and known FACTS INTENTIONALLY in order not to rock the boat too much and become victims, like Assange? It WOULD seem so, and that appalling COWARDICE also applies to Chomsky who is also a 9/11 conspiracy denier, as is Julian Assange.

Now research the overwhelming data and scientific facts repudiating the government 9/11 concocted story and you would realise that the above, CHARACTER DEVOID, 'journalists' are not worth a pinch of SHIT because it is INTEGRITY that makes good, fearless journalists.

Addressing stories to the INDOLENT masses is SAFE as they are already 'owned' by the elite serving mass media though these integrity devoid journalists oppose, to a very minor degree, these false narratives, BUT to a man, THEY FAIL to FOLLOW THROUGH and make issues of the really hot

topics that threaten the elite status quo.

Pilger is doing his best for his mate Assange, to be expected, but while doing so he fails to address/open the rotten maggot box of elite controlled governments and corruption on a global scale, which corruption of course includes the mass media, which entity lost its true vocation -- informing the public of TRUTH and reporting FACTS -- decades past.

Be brave gentlemen and cowards as it is true that only the TRUTH would set us ALL free, or continue to skirt around the really HOT issues/topics and risk being victimised like Assange, while of course losing what little remains of your shot reputations. However, you know you're safe for now, while aware citizens that choose to publish dissenting news are an ignored and now CENSORED minority, but that status is changing before your eyes as increased awareness slowly but surely overtakes the false narratives and flagrant LIES of the mass media. Are you reading this, Glenn 'Bezos' Greenwald and others, you KNOW who you are, you gutless, integrity devoid, wonders? Truth pursued to the end would see the complete destruction of evil elites and their mass murdering, permanent war status quo and the thoroughly corrupt mass media that supports it.
