

## Happy New Year, My Arse -- Tell it Like IT IS!

There's not a lot to be happy about in reality, unrestrained pollution has resulted in runaway climate change, who's FAULT? And don't YOU dare point your finger at anyone but YOURSELF. Dozens of flagrantly ILLEGAL wars and brazenly illegal military occupations justified by brute force only -- no law or international consensus -- and we are supposed to be civilised! Millions of innocents killed and maimed globally by a star-spangled CRIMINAL NATION, not Russia or China, but AMERICA, Saudi Arabia, Israel, NATO, and other vassal 'allies' --- hard FACT! And YOU MINDLESS morons and drunken, spineless wankers yell, 'happy year!!'

OK then, YOU tell me what on earth is there to be 'happy about?' The GLOBAL population of roughly seven (7) BILLION have allowed themselves to be duped, lie to, persuaded to participate in illegal wars against their brothers and sisters by EVIL to the EXTREME, (PROVEN) criminal MINORITIES, which approximate less than three thousand World Wide. The above and MANY more FAILURES of humanity could be listed but YOU ALREADY KNOW IT.

The stark reality for 2019 is NOT better but CLEARLY worse than previous years in the 21st century, and I'll bet everything I have on it. The 21st century so far is a century of pure hell, permanent illegal wars and OVERT state criminality -- and while on that topic -- is it any wonder that States NOW engage in OVERT criminal enterprises if they are led by sick psychopaths and extremely flawed pathological personalities that WE HAVE ALLOWED TO REMAIN IN OFFICE AND LEAD US; notwithstanding they have been proven guilty -- by RECORDED history?

Members of previous criminal governments that set the CRIMINAL standard have ALL been exposed as LIARS and mass murderers, which the people refuse to PROSECUTE for THEIR MANY horrid CRIMES -- why are despicable types like TONY BLAIR, JOHN HOWARD and GEORGE W BUSH, free and not serving life jail sentences for their NOW PROVEN crimes? You tell me, YOU useless spineless, MORONS -- YES, I'm talking to YOU!

WE the people of ALL nations have MISERABLY failed ourselves by not actively engaging in our now failed DEMOCRACIES, which is why we face the abhorrent reality we have faced since the turn of the century and it ain't gonna get any BETTER UNTIL WE ACCEPT RESPONSIBLE FOR OUR LIVES, NATIONS, and RESTORE JUSTICE AND FAIR PLAY FOR ALL; ONLY THEN would the FUTURE OF THE WORLD become positive and constructive.

Without positive intervention from the PEOPLE NOW more of the same mayhem, slaughter and DESTRUCTION but on a LARGER SCALE -- as the existing trend statistically indicates -- IS ASSURED. What I am saying to those that have a brick for a brain, is that all political systems have CLEARLY FAILED, as the recent past and present CLEARLY indicate, or do you live under a rock? It's all in your FACE if you choose to LOOK.

So really, the question for 2019 is whether or not the VAST GLOBAL MAJORITY decide to save themselves and the world from the clutches of PSYCHOPATHS and EVIL to the extreme, scheming criminals HELL BENT on DESTRUCTION. Simply look back and see the 21st century track record

for yourselves.

But maybe, just maybe, we may have something to celebrate in 2019 if we take back OUR lives and NATIONS from the sick, EVIL, CRIMINAL minorities that now ILLEGITIMATELY rule.
