It was only a matter of time, Trump true to character during his pre-presidential days where his sordid and underhand business tactics were well known and recorded, have finally brought him COMPLETELY UNDONE as a tenable politician, make no mistake about it!

The full whistleblower complaint has been unclassified and publicly released ahead of Acting Director of National Intelligence Joseph Maguire's appearance before the House Intelligence Committee.

You can read the entire complaint below, which is packed with <u>explosive</u> information, including the allegation the White House removed the call transcripts/notes from official records and placed it on a secret, previously unknown server. So, read the full complaint and then watch Acting DNI Maguire admit the first action he took was to <u>take the complaint</u> directly to Donald Trump.
