As soon as it was publicly [revealed](#), by the chief of the privately owned Federal Reserve Bank, Bill Dudley, Trump's fate was sealed:

***Tulsi Gabbard, to date, undoubtedly the best choice for president***

*“Trump’s re-election arguably presents a threat to the U.S. and global economy, to the Fed’s independence and its ability to achieve its employment and inflation objectives. If the goal of monetary policy is to achieve the best long-term economic outcome, then Fed officials should consider how their decisions will affect the political outcome in 2020.”*

As is clear on two major points, bankers rule the USA with other corporate interests (collectively known as the Deep State), and it is those forces that wish to protect THEIR profit making ventures via 'perpetual wars' and other nefarious murdering means. So Trump's fate is sealed by those Deep State forces which are now clearly evident, I could not sum it any better than Philip Giraldi [here](#).

Now, on cue, watch the privately owned, CFR managed mass media go into propaganda overdrive to sway the America people over the Trump presidency.

The days of shooting presidents (JFK) are no longer tenable so media character assassination is now the preferred choice, however, if that fails maybe bullets or fatal 'accidents', CIA preferred methods, may indeed occur, as the Deep State tolerates no opposition -- so why should WE, the PEOPLE, tolerate them?

One could only feel pity for the US population if indeed this obvious nefarious plot to remove Trump succeeds. If nothing else the now open plan should alert the population and make clear that a truly independent representative of the people becomes president and then drains the Washington Swamp once and for all, as the USA can longer afford to allow the Republic to be hijacked by these

clearly evil, mass murdering, self-serving, MINORITY forces -- that simple!

Be aware and BEWARE of the evil forces WITHIN, and do not under any circumstances be distracted by the partisan, biased, LYING mass media. See how they run with their exposed plan.
